

GODZILA PTE LTD/ Singapore

A Manual Conveyor (after wave-Component insert) -6.0M or 7.0M

- i Modular design with Aluminum structure with 3000 mm x 2 set
- ii Smooth stainless steel screw to adjust the width of rail .
- iii Using belt system & with Variable speed control
- v Lighting using LED T8 tube

SPECIFICATION

Model	GH6000L-B		
Ext. Dimension (mm)	L6000 x B120 x H2000 (2 section)		
Belt Width	50 to 400mm (or 500mm)		
PCB Direction	Left to Right or Right to Left		
Speed	Adjustable (0 to 3M/min)		
Control System	Industril Module Card system (PLC option)		
Power Supply	Single phase AC 220V with 50/60Hz		
Weight (Standard) kg
