

GODZILA PTE LTD/ Singapore

A Manual Conveyor (before wave-Component insert) -2.4 meter

- i Modular design with Aluminum structure steel plate with 2400 mm.
- ii Smooth stainless steel screw to adjust the width of rail .
- iii Using stainless Chain & with Variable speed control
 - v Using VTV 70W speed controller motor a set
 - vi Lighting using LED T8 tube

SPECIFICATION

Model	GH2400L			
Rail Type	Chain			
Ext. Dimension (mm)	L2400 x B56 x H2000			
PCB Width	50 to 350mm (or 50 to 460 mm-XL)			
PCB Direction	Left to Right or Right to Left			
Speed	Adjustable (0 to 5M/min)			
Control System	Industril Module Card system (PLC option)			
Power Supply	Single phase AC 220V with 50/60Hz			
Weight (Standard) kg
